

Senior Backend Engineer (M/F/D)

About Spherity

We're a team of ambitious, forward thinking individuals with an entrepreneurial and technological mindset to build decentralized identity management solutions that power the 4th industrial revolution, by bringing digital identities to machines, algorithms, and other non-human entities.

Us brings together the mission of rebooting the web of trust, making identities self-sovereign and bring the world the benefits of decentralized solutions.

Our passion and hard work make Spherity a market leading provider of data integrity requirements of the Industrial Internet of Things (IIoT) market. Our client focus is primarily on technical industries, in particular like mobility, supply chain, and pharmaceuticals; in particular.
